

## PRODUCT SAFETY ADVISORY

### Bullivants 1 tonne x 1 metre polyester Round Sling

We are contacting you as we have recently identified an issue with product information labels attached to a small number of Bullivants' 1 tonne x 1 metre polyester round sling products (**Sling**). Product details are:

Part No.	Batch Number	Date of Manufacture	Product Colour	Number of Stripes
WRS-010-010-E	8950494	04/2020	Violet	One

We are aware your company has purchased from Bullivants, a Sling (or Slings) that correspond to the details set out in the table (above). As a precaution, we ask that you please ask necessary personnel to check your stock of Bullivants 1 tonne x 1 metre slings corresponding to the details in the above table and let us know if any of these items display a label or tag indicating that they have a working load limit (**WLL**) of 10 tonnes.

We confirm that all Slings supplied to you by Bullivants with details corresponding to the information in the above table have a WLL of **1 tonne only** and any Slings displaying a label / tag indicating a WLL of 10 tonnes should be quarantined from your existing stock and will be accepted for return to Bullivants at our cost and for a full refund or free-of-charge replacement.

Please refer to the below photograph which shows an incorrectly labelled 1 tonne Sling.

← Incorrect reference on label of 1 tonne sling to WLL of 10 tonnes

We confirm that this issue affects a very small number of Slings manufactured in batch number 8950494 and all Slings displaying a label / tag indicating a WLL of 1 tonne are safe to use.

Please contact me on (03) 9585 1288 or by email [christopher.singleton@bullivants.com](mailto:christopher.singleton@bullivants.com) if you have any questions about this product notice or if you would like to discuss the process for returning incorrectly labelled Slings to Bullivants for a full refund or a free-of-charge replacement.

Yours sincerely,

Chris Singleton  
Bullivants National Quality & Compliance Manager
