

Bullivants

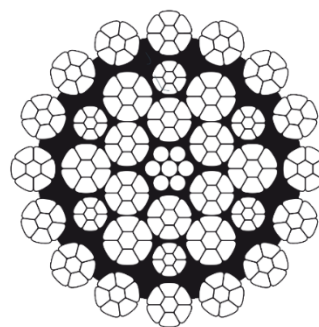

Verotop 1960 Grade

Verotop 1960 Tensile Grade is a very flexible non-rotating rope with compacted strands with excellent fatigue life.

Main Features:

- 35 x 7 Compacted non-rotating rope
- Very high breaking strength
- Excellent spooling behaviour on multi-layer drum
- Good bending fatigue
- Offers superior crushing resistance and excellent resistance to abrasion
- Can be used either with or without swivel
- Ideal for hoist ropes and auxiliary hoist ropes on mobile cranes and Kelly ropes on piling rigs
- Complies with AS 3569:2016

Specifications:

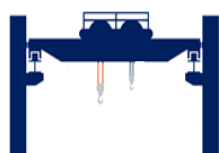

Bullivants Mfr No.	Diameter mm	Approx. Weight kg/m	Minimum Breaking Load kN
W0080QSEB	8	0.313	63.86
W0090QY4B	9	0.397	69.83
W0100QR4B	10	0.490	95.43
W0110QREB	11	0.593	115.50
W0120QREB	12	0.705	137.40
W0130QREB	13	0.828	161.30
W0140QREB	14	0.960	187.00
W0160QS4B	16	1.254	255.40
W0180QREB	18	1.587	309.20
W0190QREB	19	1.768	344.50
W0200QREB	20	1.959	381.70
W0220QR4B	22	2.371	461.90
W0240QSEB	24	2.821	574.80
W0250QREB	25	3.061	596.40

Applications:

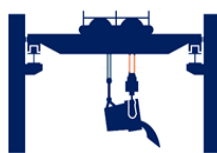

Jib Crane: **Hoist Rope**

Overhead Crane: **Hoist/Auxiliary Hoist Rope**

Ladle Crane: **Hoist/Auxiliary Hoist Rope**

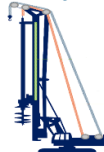

Truck Crane: **Hoist Rope**

Mobile/Telescopic Crane: **Hoist/Auxiliary Hoist Rope**

Foundation Equipment: **Hoist/Auxiliary Hoist Rope**

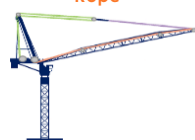

Offshore Crane: **Hoist/Auxiliary Hoist Rope**

Crawler Crane: **Hoist/Auxiliary Hoist Rope**

Luffing Crane: **Hoist Rope**

Tower Crane: **Hoist Rope**

Knuckle Boom Crane: **Hoist/Auxiliary Hoist Rope**
