Verotop P 1960 Grade

Verotop P 1960 Tensile Grade is a non-rotating rope with compacted strands and a rope core covered with a plastic layer.

Main Features:

- Has a very high breaking strength
- Provides a very stable rope structure
- Achieves excellent bending fatigue results
- Offers excellent crushing and abrasion distance
- Excellent spooling behaviour on multilayer drum
- Can be used either with or without swivel
- Ideal for hoist/auxiliary hoist on mobile cranes, offshore cranes and hoist ropes for pilling drill rigs
- Complies with AS 3569:2016
