

**SHOVE-IT SUSPENDED LOAD CONTROL TOOL**

This no touch hand safety tool helps workers avoid hand injuries while controlling suspended loads or maneuvering objects. While keeping workers at a distance, it enables users to guide loads, move and position pipes and tubulars, as well as grab slings and taglines without physically placing hands on the object.

Features:

- Lightweight and strong
- Non-slip tool handle
- Hand guards
- Ideal for suspended load control and guiding

**Insert Choices**
