

Weld On Lifting Point 2.5 – 6.7 Tonne

Weld on Lifting Points are manufactured in Australia using only heat certified Australian Steel. The Working Load Limit and Batch identification is clearly marked on both the Loop and Lug.

Main Features:

- Multi-directional loading
- Forged from fully tested and certified steel
- Ideal for lifting and lashing
- Welding must always be carried out by a qualified welder under AS 1554.1:2014
- Supplied with welding instructions
- Complies with AS 3776
