

PPD Blueline Maxima rope is a high strength rope with excellent abrasion and shock absorption. Rope available in coils and reels on request.

### Main Features:

- High strength and low abrasion fibre rope
- Low stretch and good knot retention
- Floats on water, zero absorption
- Water resistant
- Resistant against rot, most acids, alkalis and other chemicals
- UV resistant with excellent weathering properties
- Suitable for a range of industries, particularly marine, construction, mining, rural, commercial fishing and petroleum
- Not to be used for lifting
