

# Bullivants

## Verotop S 2160 Grade

Verotop S 2160 Tensile Grade is a very flexible non-rotating rope with compacted strands and very high breaking strength with excellent fatigue life.

### Main Features:

- Very strong compacted non-rotating rope
- Achieves excellent bending fatigue results
- Offers excellent resistance to crushing and abrasion
- Possesses perfect spooling behaviour on multilayer drum
- Can be used either with or without swivel
- Ideal for hoist ropes and auxiliary hoist ropes on mobile cranes and crawler ropes
- Complies with AS 3569:2016

### Specifications:

Bullivants Mfr No.	Diameter mm	Approx. Weight kg/m	Minimum Breaking Load kN
W0200RJ3B	20	2.004	409.00
W0220RJ3B	22	2.425	494.90
W0240RJ3B	24	2.886	589.00
W0254RJ3B	25.4-1"	3.233	659.70
W0260RJ3B	26	3.387	691.30
W0280RJ3B	28	3.928	801.70

### Applications:

Mobile/Telescopic Crane:  
Hoist/Auxiliary Hoist Rope

Crawler Crane:  
Hoist/Auxiliary Hoist Rope
